

Low Height Loadcells – 200Te

Loadcell Specification

Capacity	200Te
Linearity and Non Repeatability	± 0.5%
Temp Range	-10 to +70 °C
Weight	8 Kg
Height	89 mm
Diameter	Ø 153 mm
Mechanical Limit – Safe Overload	150 %
Mechanical Limit – Ultimate	300 %

- Compatible with Climbing Jacks
- Low Height High Tonnage
- Manufactured in UK and Tested to BS EN ISO7500-1
- Fully Traceable Calibrations
- IP 65 Rating
- Fully Stainless Steel Construction
