

### Equipment & Services

- 16 No. 5.0m linkspan available
- Full linkspan structural analysis
- Supporting engineering & design services
- Loadout engineering support
- Ballasting and mooring engineering services

### Specifications & Capabilities

- 5.0m (L) x 1.5m (W) x 0.2m (H)
- 48Te / axle capacity supported on outer ends
- Multiple lifting points
- Built in ramp for fast installation / removal
- Safety factor 1.5 on vertical load only
- Safety factor 1.35 in combinations with horizontal loads
- Horizontal load 10% longitudinal and 5% transversal (simultaneously)
