

Specifications

- 200Te capacity
- Linearity and non repeatability $\pm 0.5\%$
- Temp range -10 to +70 °C
- Weight 8kg
- Height 89mm
- Diameter Ø 153mm
- Mechanical limit – safe overload 150 %
- Mechanical limit – ultimate 300 %

Capabilities

- Compatible with climbing jacks
- Low height high tonnage
- Manufactured in UK and tested to BS EN ISO7500-1
- Fully traceable calibrations
- IP 65 rating
- Fully stainless steel construction
